Experience

UI/UX Designer | EastRiver   **Since Fall 2018**

Working with the development team.
Building prototypes and UX flows for apps and web.
Providing the developers the UI assets and specs
for web development. Made AR filtres, microsites,
and reskinned games for major brands' projects.

UI/UX Designer | Tekvare   **Summer - Fall 2018**

Designed UI for web projects.
Getting the requirements from the
client and providing an initial prototype.
After its approval, collaborate with web
developer to deliver the website according
to the client's vision.

Front End Developer | Arpatech   **2017 - Spring 2018**

Developed an API for an e-commerce
project that lets users visualize their design
on a 3D photorealistic scene, before they
purchase the print. Designed UI & improved UX
of a procurement system. Did animation projects

Designer | Haythams Ad Agency   **Summer - Fall 2016**

Built e-commerce sites. Designed posts and
wrote its copy. Did video projects along with
its post. Made pitches for the clients, and
worked in various events and campaigns.

Designer Intern | BrighteningTech   **Summer 2014**

Designed & developed company's identity
and brand, including its website. Designed UI
for an ecommerce brand.
